To Whom It May Concern,

This will serve as both a commendation, and personal reference for Frank A. Messineo, AIA. As Director of Facilities for the Randolph Board of Education for over 17 years, I had the very good fortune to work closely with Frank on many school projects. Frank has my highest confidence and recommendation. His very apparent technical talent is further enhanced by his informative interpersonal skills. Frank, at many board meeting occasions, had the presentation rationale for both the public audience, and board members.

Presently, as Director of Plant Operations at Oak Knoll School in Summit, N.J; I again had the opportunity to team up with Frank, enjoying the same past success on our projects in Randolph. It was most productive.

As Principal of Solutions Architecture, Frank has made that very exciting move that I always envisioned he would make. I have the highest degree of confidence in his future success, and would without hesitation recommend him to all. His high degree of integrity and talent are rare commodities.

Sincerely,

John Daura

Director of Plant Operations

Oak Knoll School, Summit N.J. 973-703-1997
